

Help Bring Smiles To Faces With #PicturesForPatients

During challenging times, we have the ability to inspire hope within each other.

As the Good Shepherd Penn Partners (GSPP) team continues to provide world-class, patient-centered rehabilitation and post-acute care in the face of adversity, we ask that you join us in helping to lift up others — our patients, our staff and our families. You can help bring smiles to faces by creating #PicturesForPatients.

Here's how:

1. Draw/color/paint a picture for GSPP's patients, staff and families - whatever you think can bring a smile or provide an added boost.
2. Take a photo of the artwork.
3. Post your photos in the comment section on social media or email them to GSPPMarketing@uphs.upenn.edu.

We can't wait to see what you create. #TeamGSPP #PicturesForPatients
